

## Who We Are

ALEF is the Foundation arm of our organization, a global force of Lebanese and American professionals, activists, policy and financial experts committed to addressing corruption, restoring governance, and advocating for Lebanon's rightful place within the international community.

Our vision is to establish a transparent, accountable, and self-sustaining Lebanon, free from external influence, where democracy, economic stability, and justice prevail.

By the same token, we are in the process of launching too and through our upcoming American Lebanon Public Affairs Committee (ALPAC) the Hezbollah Accountability Act (HAA)—a key initiative to:

- Interrupt Hezbollah's global financing and influence networks.
- Advocate with the U.S. Congress and White House to enforce stricter sanctions.
- Engage the diaspora to influence policy, reshape media narratives, and cut off complacent politicians from legitimacy and power.
- Focus our efforts on holding the financial sector's main actors (bankers, finance and economy ministers) accountable for their deeds while providing "real solutions" to reinvigorating the Lebanese economy.

This is not a think tank or a research outfit. These 2 organizations are action driven institutes designed to apply influence at every level: political, legal, financial, and reputational to restore Lebanon's place in the world.

## Why Your Support Matters

With your involvement, we will

- Launch a transparent National Hezbollah Accountability Act Task Force of legal, financial, and intelligence experts.
- Scale targeted media and digital operations to reframe Lebanon's story for both the U.S. and global audiences.
- Drive hybrid high-level advocacy events featuring lawmakers, donors, and thought leaders.
- Build the "Guardians of Sovereignty" donor program—providing ongoing access for committed participants real-time access and ownership of the fight.

## Why Now

- Bipartisan concern in Washington is growing—we must take advantage of this moment.
- The current U.S. administration is our best ally or a potential setback.
- Lebanon's people are ready. The diaspora is engaged.

- If we delay, future opportunities may be limited.

With the full support of President Donald Trump and your partnership and contributions at [donations@usalef.org](mailto:donations@usalef.org) Lebanon will rise again—free, strong, and glorious.
